ABOUT BINOME EXCHANGE

° **Binome is an online exchange where users can trade cryptocurrencies. It supports most commonly traded cryptocurrencies. Binome provides a crypto wallet for traders to store their electronic funds**

° **Binance launched its ico in 2017 at a price of \$0.1 per BNB and we saw BNB hit \$800 in 5 years. Binome will reach \$50 before 2023 and Before 2027 Binome exchange will touch at least \$1000**

° **All IDO participants will be rewarded with BUSD in rewards and we have planned a lottery draw that will win 15 BNB per month.**

° **Bounty Program with instant payouts. The best Youtubers will have 2 BNB as a reward and for offers on twitter weibo telegram and Reddit we will give 1 BNB to each winner**

BINOME EXCHANGE starts with an IDO and its first AIRDROP allowing the public to know the binome exchange project. We have planned a duration of 21 days in order to be able to promote the promotion. The price of IDO is fixed at 0.0005 USD and the price will be listed on pancakeswap at 0.005 USD.

A BUYBACK is planned with manual and auto burns and a percentage that will be added to the liquidity from each BUY/SELL transaction

BUSD will be awarded to all holders to encourage them to hold their BNM so we can very soon have a good ATH
